INFANT CARE PRODUCTS

Our line of Infant Care Products is A.D.A. compliant when properly installed. Changing Stations are available in both Horizontal or Vertical styles to meet size and space requirements. The line features a Child Safety Seat that can be either wall or partition-mounted.

CONVENIENT, SAFE & WORRY-FREE

Our Diaper Changing Station features a concave shelf design which provides a deep area for the child to lay, preventing them from rolling around. Heavy-duty safety straps provide an additional level of security. Safety belt with cam-buckle is adjustable with one hand for safety and convenience, belt is non-absorbent.

Derma-Tek® high-density polyethylene naturally inhibits bacterial growth (tested to ASTM G21 Anti-Bacterial and ASTM G22 Anti-Fungal), which provides a safe, convenient and hygienic platform. Easy to read ANSI compliant labels (ANSI Z535.3 and ANSI Z535.4). Plastic lined bed liners create a barrier between your child and the changer. Liners unfold to 13" x 18". Molded-in, dual liner dispensers will each accommodate approximately 50 bed liners.

Designed for easy mounting, the molded-in hang holes allow the unit to be attached to standard 16" on-center studs, or hung on a hollow wall - all required hardware is included. Concealed rear pneumatic strut provides smooth opening/closing power while concealed hardware maintains appearance and prevents tampering.

Each Horizontal and Vertical changer comes with a self-adhesive placard for the bathroom door to indicate a changer is located inside.

CHILD'S SAFETY SEAT

This seat provides a means for keeping a child safely off the rest room floor. Unit folds flat so it's out of the way when not in use, and the three point safety harness and concave seat area secures a child, freeing your hands. ADA Compliant when properly installed.

Item Number	Size	Color	Pack Case	Case Weight	Case Cube
8252-H	34.25" x 4" x 18"	○ White	1	16.20 lbs.	1.730
