

# Recycling Receptacles Line

*Products that help preserve our environment!*

The Wall Hugger™ design is sleek and attractive, and comes in both 16 and 23 gallon versions that protrude less than one foot from the wall! These space saving recyclers can be matched to any of our Wall Hugger™ Recycle Lids. Color-coded lids make identification easier, which encourages users to sort their recyclables. Add our Quad-Collection Dolly and you have a complete recycling station to neatly and efficiently sort and transport recycled materials!

Half Round Wall Hugger™ receptacles have a smaller footprint, perfect for today's space efficient workplace.

The Mounting Bracket can attach any Wall Hugger™ Receptacle to the wall, suspending it above the floor.

Lids come with trilingual (Eng/Sp/Fr) Recycle Material ID Labels to make sorting easy!

Includes a version with molded-in handles for ease of transport.

Molded-in Bag Cinch eliminates the need to tie knots in the poly liner to keep it secure around the receptacle rim!

Molded-in hand grips in the receptacle base provide a secure area to grasp when lifting and dumping.

**A COMPLETE LINE OF PRODUCTS TO FIT EVERY APPLICATION IN EVERY FACILITY**

**Innovative designs promote a comprehensive recycling program**  
**Seamless construction ensures long-lasting durability**

Combine the Recycle Round™ Dolly and the color-coded Corner Round™ Receptacles to create a unique recycling collection system that promotes a comprehensive recycling program. Products are sold separately - mix and match to customize a recycling program for any application! Recycle Round™ Station is ideal for open settings such as school cafeterias, atriums, foyers, food courts, airport terminals, plazas, convention centers, etc.

Corner Round™ Receptacles with 8325-D Recycle Round™ Dolly

Corner Round™ Recycle Receptacles come with a unique "Key-Way" feature and shoulder design that allows a poly liner to be secured and helps to hide the unsightly bag "skirt" to maintain a clean, professional appearance. Trilingual (Eng/Sp/Fr) "Recycle Material ID Labels" are also included to make sorting easy!

5556-1

5555-1

Dome Lid accepts bottles or cans - fits 5555-1

4000-1

The Huskee® Square is available in two sizes; 48 gallon (with handles) and 56 gallon (without handles).

Continental® offers a wide array of recycling receptacles. All are molded of engineered resins with seamless construction, ensuring long-lasting durability. Our Huskee® Round recycling receptacles are available in 20, 32 and 44 gallon sizes. The Swingline™ recycling receptacle provides 25% more capacity than round containers of the same height - it comes in 25, 32 and 50 gallon sizes. Our recycling Commercial Wastebaskets come in three sizes; 13 1/8 qt., 28 1/8 qt. and 41 1/8 qt.

3201-1

Recycle Lid has a center hole and permanent "Cans Only" imprint to encourage use.

efficient separation of recyclables for multi-stream collection. Rigid liners are easily removed for cleaning and emptying.

The Colossus® Recycle Station utilizes color-coded, hinged recycle lids to promote and encourage users to sort their recyclables! Trilingual Material ID Labels (included) makes sorting recyclables easy and allows the user to customize a program to their facility. Two rigid plastic liners allow for convenient and

5850-1

50 gallon capacity receptacle features a hinged, double-walled lid and 8", non-marking wheels.

Our Curbside Bin is durable and lightweight. Drain holes in base of bin prevent accumulation of rainwater. Notched sides allow units to be cross-stacked. For convenient indoor recycle collection, one or two Curbside Bins can be used with the MFT-5BK Trolley.

5914-1

5916-1

This 16 Cubic foot Cube Truck features 3" casters placed in a diamond configuration. Two stationary and two swivel casters allow this unit to be turned on its own axis for greater mobility. Ideal for bulk recycle collection.

5840-1

One-piece Tilt Truck has extra-strong, seamless, industrial plastic construction. Inset wheel placement prevents wall/door damage and allows for nesting in shipping and storage. Fits through standard office doorways.
