CONTINENTAL
COMMERCIAL PRODUCTS®

An American Plastics, LLC Company

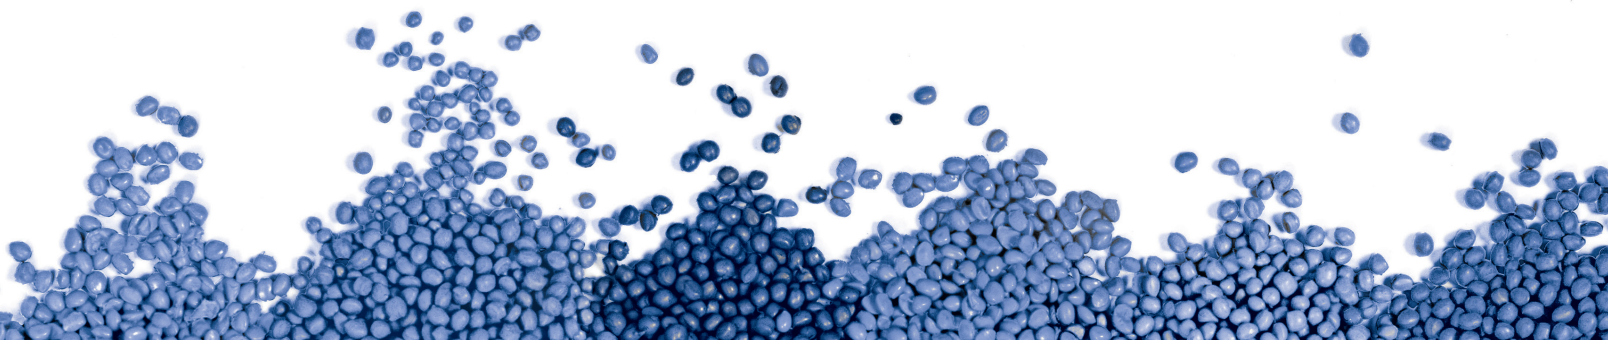

OUR PARENT COMPANY

AMERICAN PLASTICS LLC, headquartered in St. Louis, Missouri, is a leading designer and manufacturer of innovative plastic-injection molded products for the commercial cleaning and home organization end-markets. The company maintains a national manufacturing and distribution footprint with state-of-the-art facilities across North America, making us the partner-of-choice for our customers, nationwide.

Our Commercial Division offers a premier line of waste receptacles for the Janitorial/Sanitation, Food Service, and Facilities Maintenance Industries. Our portfolio consists of products that are proudly made domestically at our Jefferson City, MO Production Plant. We are recognized by our customers as the Supplier of Choice for all segments (Commercial Cleaning, Healthcare, Education, Manufacturing, Food Processing, Hospitality, etc.) and strive to be a trusted partner for those in our Industry.

Our Retail Division offers resin-based household & garage storage products, shelving systems, tool boxes, and workstations. Our retail products can be found in leading hardware and home improvement mass merchandise retailers. We pride ourselves on our industry-leading technological capabilities and constant innovation, driving new and unique products in partnership with our retail customers.

Certification Icon Definitions

DERMA-TEK® - This proprietary, smooth surface, nonporous design is tough, durable and seamless – making it easy to clean and keep clean, which provides a professional appearance. Plus, Derma-Tek will not absorb chemicals, liquids or odors and will not rust, dent, chip or corrode.

FDA - This regulatory agency of the U.S. government is responsible for determining how materials may be used in contact with food. Their regulations also provide specifications regarding composition, additives, and properties. A material which meets these standards can then be stated as FDA COMPLIANT. (fda.gov)

NSF - National Sanitation Foundation is an independent testing laboratory that lists products which meet their criteria for cleanability and sanitation in the areas of food contact and splash zone. Continental® manufactures products that meet the following NSF Standards: "Standard 2: Food Equipment" and "Standard 21: Thermoplastic Refuse Containers". (nsf.org)

OSHA - The Occupational Safety and Health Administration works with employers and employees to create better, safer and healthier working environments in the United States. OSHA Sanitation Regulations (Standards - 29 CFR) state that any receptacle used for putrescible solid or liquid waste or refuse shall be so constructed that it does not leak and may be thoroughly cleaned and maintained in a sanitary condition. Such a receptacle shall be equipped with a solid, tight-fitting cover, unless it can be maintained in a sanitary condition without a cover. (osha.gov)

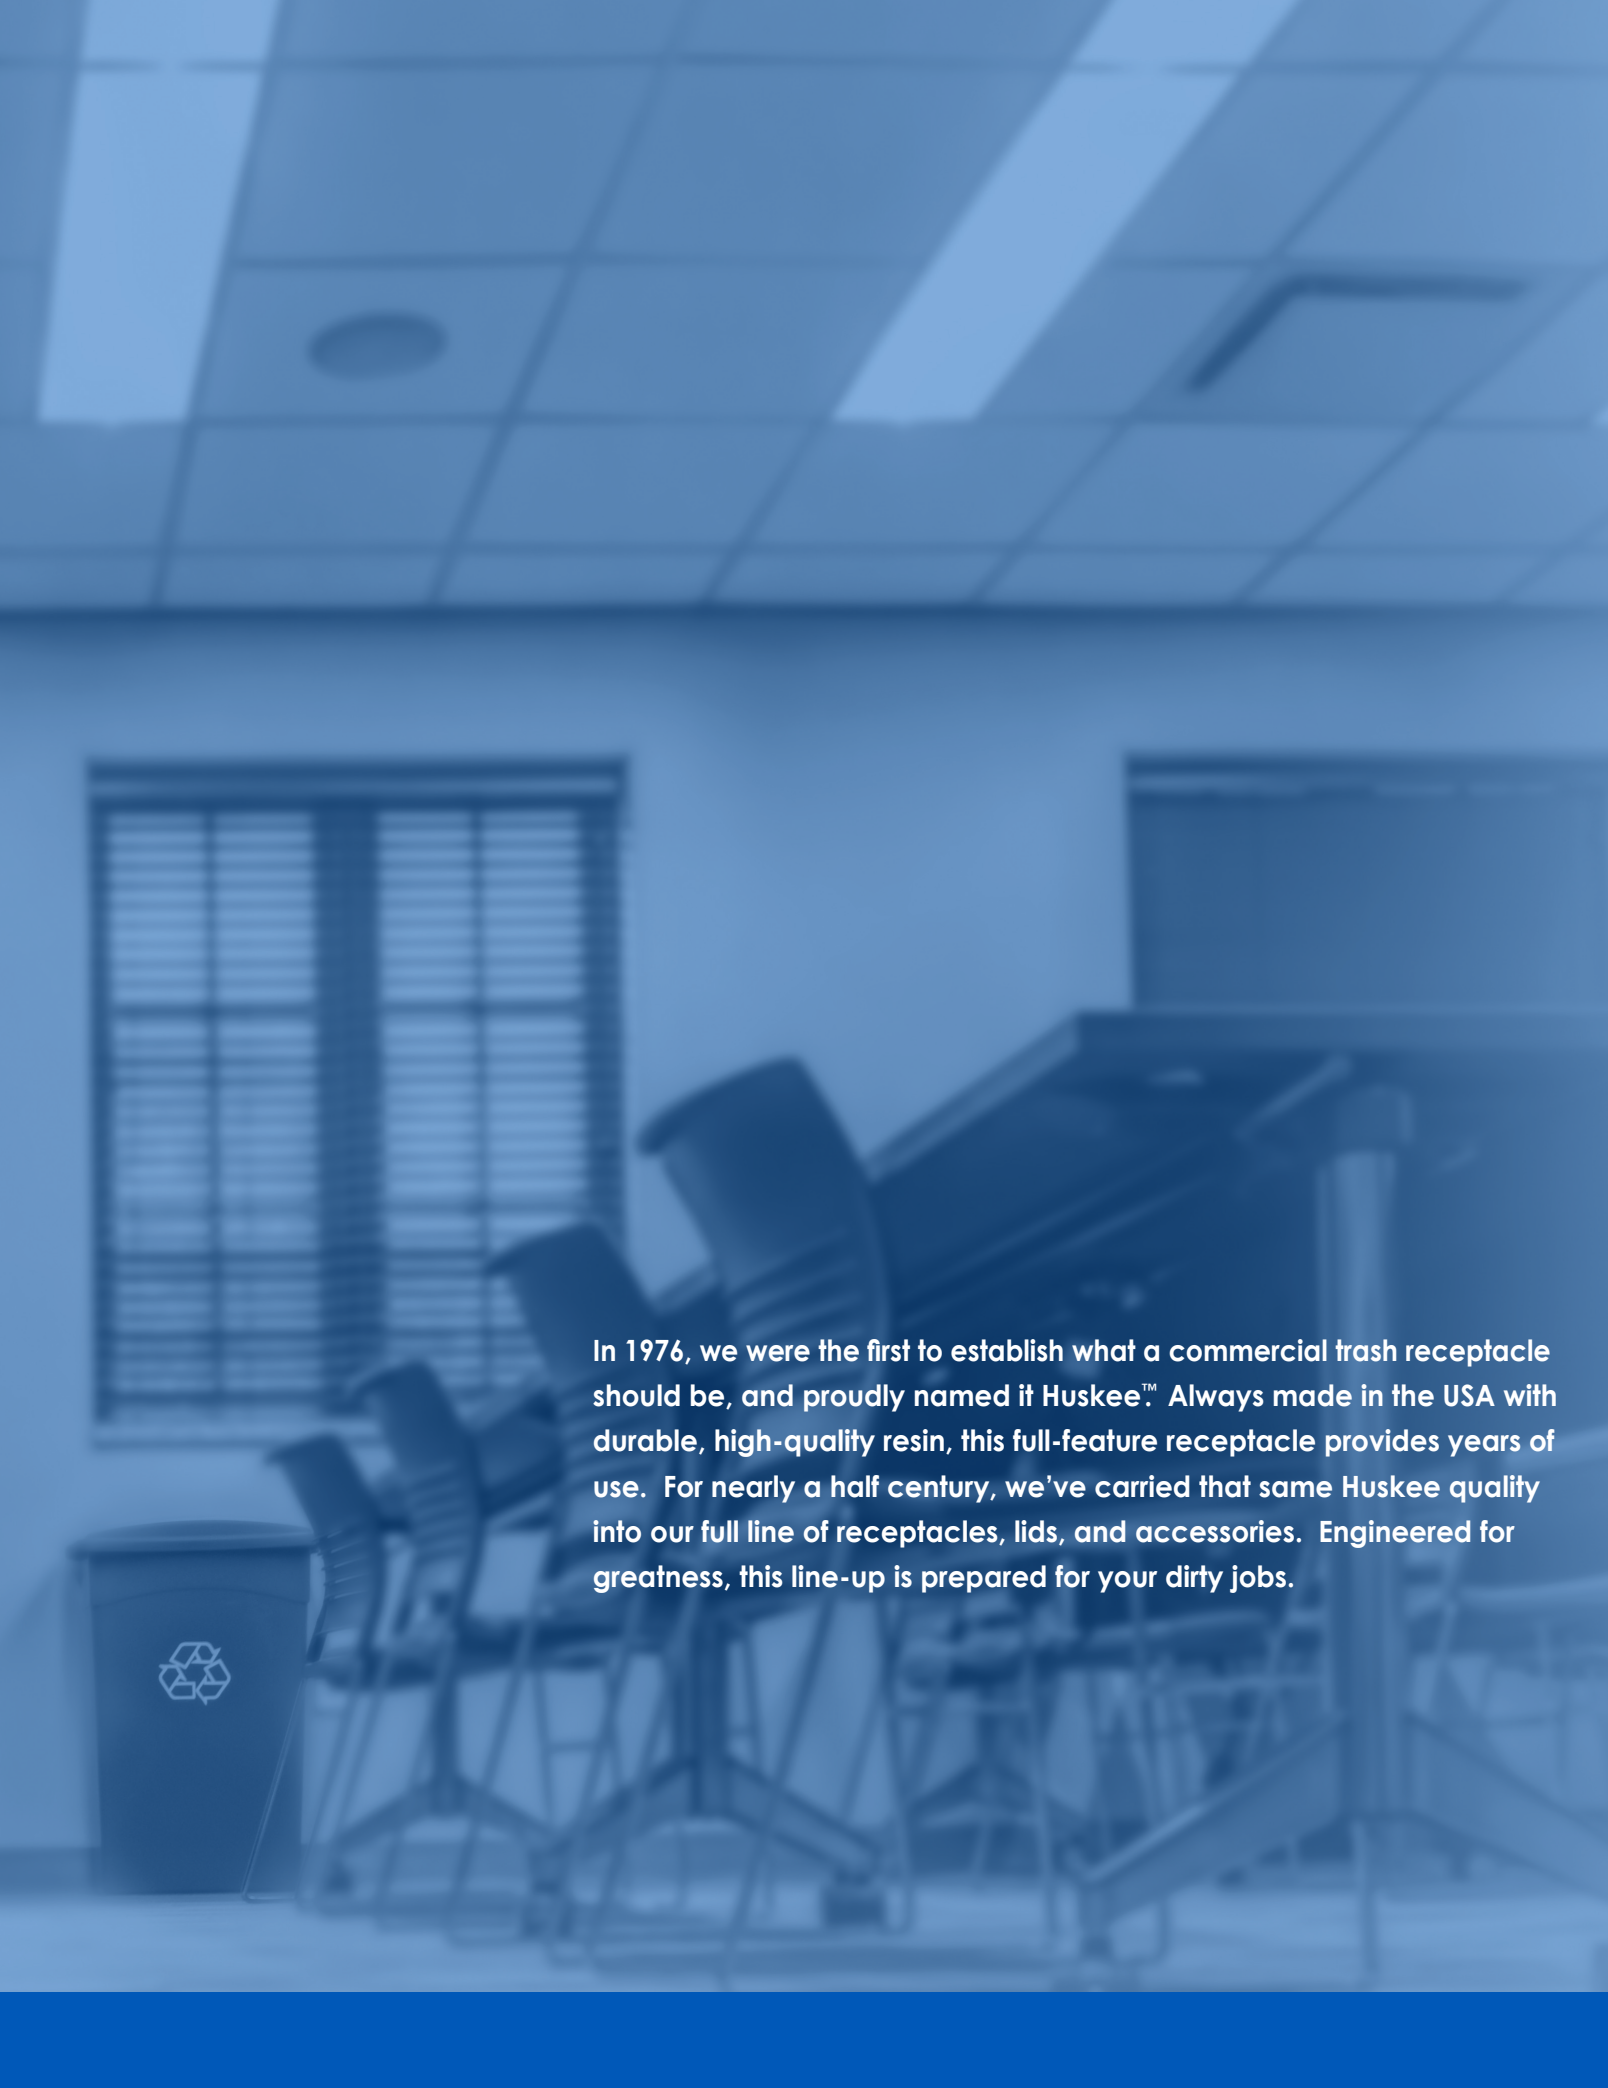

USDA - The United States Department of Agriculture is a Food and Safety Inspection Service that regulates manufacturing, packaging, and handling practices in the agricultural food industry. USDA requirements for material approval are satisfied by a certification of FDA Compliance. (usda.gov)

WASTE COLLECTION

In 1976, we were the first to establish what a commercial trash receptacle should be, and proudly named it Huskee™. Always made in the USA with durable, high-quality resin, this full-feature receptacle provides years of use. For nearly a half century, we've carried that same Huskee quality into our full line of receptacles, lids, and accessories. Engineered for greatness, this line-up is prepared for your dirty jobs.

WASTE COLLECTION

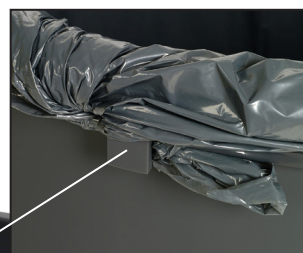

Huskee™

THE COMMERCIAL CONTAINER

The industry standard since 1976

DURABLE LIDS
Tight closure. Allows receptacles to be stacked.

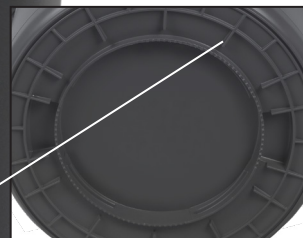

BAG CINCH
Secures the poly liner on 32, 44 and 55 gallon sizes, without having to tie it!

HEAVY-DUTY HANDLE
Reinforced handles provide secure areas for lifting or moving the receptacle.

FLANGED RIM
Adds strength and durability.

High-quality, commercial-grade wall stock is perfect for cold climates.

REINFORCED BASE
Extra reinforcement produces a much stronger and longer-lasting receptacle!
Accepts universal dolly!

RECEPTACLES, LIDS & ACCESSORIES

Simply put, Continental's line of indoor and outdoor receptacles is the best! Best in choice, functionality and value. Add our dollies and accessories to maximize performance and add even more value!

HUSKEE™ ROUND

The industry standard! Molded with seamless construction, the Huskee is a strong, long-lasting receptacle that is used everywhere. From food prep to foundries, from refuse to bio-hazard waste, Huskee keeps on working. [For Huskee Accessories, see page 8.](#)

Available in a Recycle model, see page 15 for details.

FAQ's...

Which Huskee receptacles are NSF: Standard 21 rated?
All bases and lids.

Which Huskee receptacles are NSF: Standard 2 rated?
Grey and white bases & lids.

Which Huskee receptacles are FDA and USDA approved?
All our Huskee receptacles, from 10 to 55 gallon, are made of FDA compliant material. USDA requirements for material approval are satisfied by a certification of FDA compliance.

What temperature range can a Huskee withstand?
0 - 190° F for NSF rated items, 0 - 205° F for all other Huskee receptacles.

What material are Huskee receptacles made of? LLDPE

Can you store wine in a Huskee? We recommend against using a Huskee, or other plastic waste receptacles, for wine storage. During the fermenting process, the taste of plastic can pass into the wine.

WASTE COLLECTION

RECEPTACLES, LIDS & ACCESSORIES

A] HUSKEE™ ROUND FLAT LIDS

Molded with seamless construction for durability and easy, thorough cleaning. Lids fit securely to keep waste and odors in, and rain and pests, out. Interlocking design allows Huskee receptacles to be stacked.

WASTE COLLECTION

RECYCLING

Recycling is the main component of waste reduction. Continental offers a wide variety of recycling receptacles. From small desk-side wastebaskets to our large 32 gallon receptacles, we have the right size and style for your collection needs!

RECYCLING

Continental® has a wide variety of recycling receptacles that promote and enhance a comprehensive recycling program. Made from recycled resins, our products are highly functional and durable. Innovative, sleek and attractive designs encourage users to support recycling programs.

Products in this section are produced using industrial recovered material.

RECYCLING WASTEBASKETS

COMMERCIAL WASTEBASKET

The low profile design of these rectangular wastebaskets make them ideal for a variety of recycle applications such as classroom, office, commercial or institutional use.

Item #	Size / Shape	Dimensions	Color	Case Pack

RECYCLING RECEPTACLES

WALL HUGGER® RECYCLE RECEPTACLE

Built of durable plastic, these receptacles work efficiently in tight spaces. Their sleek, attractive design holds 23 gallons of recyclables, but protrude less than one foot from the wall. A molded-in bag cinch eliminates the need to tie knots in poly liners. The base features molded-in hand grips which provide a secure area to grasp when lifting or dumping. Designed with smooth, seamless construction for easy cleaning and prolonged life. At 30" tall, it is ideal for placement under standard work tables.

8322-1

Item #	Size / Style	Dimensions	Color	Pallet Qty.
